

BYOi Program

2019 - Acceptable Use Agreement (AUA)

iPad General Use

- The iPad is supplied predominately for use by the student. They are responsible for all information and content on the device, which needs to fit within the AUA guidelines for ICT and the one2one program.
- The iPad will be managed at home via a family set up iTunes account.
- The students should come to school each day with sufficient charge for the day's activities. Charging will not be an option at school.
- The iPad must not be left sitting on the ground, on a chair or left outdoors at any time. They should be left on tables or stored in tubs when not in direct use.
- The iPad will not be taken outside without the direct permission of a teacher during class time, recess or lunchtime.
- Staff have the right to look at any application or file on the iPad at any time.
- The school strongly recommends that when using the iPad at home it is used in a family or common area and not in the bedroom.
- The iPad should be backed up on a regular basis. We are recommending Thursday nights as back-up night. The back-up is best to a home computer (where the iTunes account is) or can be done directly to iCloud over wireless. The iCloud back-up will back up only data not applications.
- It is the parent's responsibility to insure the iPad. Most parents list it on their home insurance although other insurance policies are available. The Department of Education does not take responsibility for personal items.

iTunes

- (a) An iTunes account is necessary to download applications (software) to allow the iPad to function. Parents may choose to use an existing iTunes account or create a new one. It is not necessary to use credit card details for the creation of an iTunes account, except if you choose to use the 'Family Sharing' option. We strongly recommend not putting in credit card details.
- (b) Parents/Legal Guardians should install the school recommended core educational apps from the iTunes Store.
- (c) By using the iTunes Store website a user agrees to be bound by the Terms and Conditions of Use that apply to the website.
- (d) A user is entirely responsible for maintaining the confidentiality of information held in the user's account, including the user's password and for any activity that occurs under the user's account as a result of failing to keep this information secure and confidential.
- (e) Additional applications purchased will be the responsibility of the Parent/Legal Guardian and reflect the behaviours promoted in the school Acceptable Use Agreement.
- (f) The school would highly recommend that a parent be listed as an email contact for the iTunes account when software is being purchased (term used for free programs also) so they can track the usage.
- (g) Parental controls should be set on the iTunes account and password protected to ensure they stay in place. These controls are found in iTunes menu > Preferences > Parental > Age Restrictions. Password protecting is the padlock icon on the bottom left of the window. This will assist in managing content within iTunes.

Kindness • Consideration • Service to Others

North Kalgoorlie Primary School

Campbell St, Kalgoorlie, WA, 6430

iPad Restrictions

We strongly suggest that you look at the restrictions area in the iPad settings. It would be appropriate to enable restrictions to the section at the bottom of the menu for "Allow Content". This can be made appropriate for the senior Primary School age group for the different categories. The passcode should not be known by the student. Support for parents is available on request to do this.

eSmart

eSafety is incredibly important at NKPS. Digital technology lessons in Term One are dedicated to teaching students about how to stay safe online. Comprehensive Cyber Safety resources are accessed from the Australian Government eSafety website.

13+ Software

There are a number of applications, which have a 13+ rating on the iTunes store and for general use. Some of these are not to be on the iPad at any time, Facebook, Twitter, Instagram, Kik and Snapchat being the prime examples.

Responsibility for iPad

It is the student's responsibility to ensure that the iPad is looked after. Like all personal items bought to school the school has no liability for damage or loss of any personal items bought to school. A lockable cupboard in the classroom is used for this.

BYOi Program Acceptable Use Agreement (AUA)

Student Section

Student Name: _____

Class: _____ Date: _____

I have read, with my parents, the North Kalgoorlie Primary School BYOi Program Acceptable Use Agreement. I agree to follow the rules contained in the agreement.

I understand that failure to follow this AUA may result in me having my privileges suspended or revoked.

Student Signature: _____

Date: _____

Parent/Guardian Section

I have read the North Kalgoorlie Primary School BYOi Program Acceptable Use Agreement.

I give permission for my child to participate.

I understand that failure to follow this AUA may result in my child having their privileges suspended or revoked.

Parent/Guardian Name: _____

Parent/Guardian Signature: _____

Date: _____
