It's gross

Bro it's gross the most putrid thing I have ever seen. Why it has veggies in it the most disgusting thing to have in a meal.

The beef is not cheap!!

One plate of beef stew that cost 10,000 dollars unbelievable so much money lost from a single plate of beef stew isn't it already bad enough!.

Conclusion

IT STINKS, it's the most revolting type of dish I have ever seen and tasted. When you cook it it's the worst you get the most sickening food I've ever tasted. EWW, it has horrendous looking VEGGIES. So bad it makes every dinner I have it disgusting if it has veggies just so disgusting why do they have it? SO EXPENSIVE!!, it might be my last meal I can afford of how much money it is. 10'000 DOLLARS oh my god.
