

Never Ever Eat Celery!

You don't want to eat it do you want to eat a light green bland vegetable

First thing first celery is not nice it tastes like some one put all the vegetables in to one also on piece can be so two dollars 83 cents and the stocks are way to low for celery lovers

Second thing celery dose not fit in celery with salad ruins it the salad  
celery is like one hundred yummy food go of together also it can Rott  
earlier than usual

Third as it rots it makes a waste of money do you really want to buy something that just rots also don't put it with your favourite food YOU HEAR ME and last of all I don't understand why a kind of useless vegetable is in stores

So it is clear that celery should be banned from all of the shops and should be used for something else
